Situation Update – Aid Challenges

The humanitarian crisis in Gaza remains catastrophic as millions remain displaced; many are living in damaged homes, tents, or overcrowded shelters, facing freezing temperatures, flooding, and destroyed infrastructure. Food insecurity affects over 1.6 million people, including tens of thousands of children and pregnant or breastfeeding women at risk of acute malnutrition. Health facilities operate at half capacity; water and sanitation are scarce, and winter storms have worsened living conditions. Yet with your support, our teams are providing life-saving assistance and working tirelessly to safeguard lives, ease suffering, and restore hope for families struggling to survive in this ongoing crisis.
