INDEPENDENT AUDITORS' REPORT

To the Board of Directors
The Zakat Foundation of America

We have audited the accompanying financial statements of The Zakat Foundation of America (an Illinois not-for-profit corporation), which comprise the statements of financial position as of June 30, 2014 and 2013, and the related statements of activities, functional expenses and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of The Zakat Foundation of America as of June 30, 2014 and 2013, and the changes in its net assets and its cash flows for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

NOTE 1 - NATURE OF ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES

A) Organization and Nature of Activities

The Zakat Foundation of America ("The Foundation") was incorporated in the state of Illinois on July 24, 2001. The Foundation is involved in the relief and development for individuals and communities in various third world countries, providing development, food distribution, orphan sponsorship, education, emergency aid, and health programs as follows:

Emergency Aid - Includes programs that assist in reviving the economies of communities devastated by natural and man-made disasters.

Seasonal Programs - Includes programs providing food to needy individuals around the world for immediate and long-term sustenance, as well as two extensive seasonal food distribution programs, Ramadan and Udhiya.

Orphan Sponsorship – Includes locating and providing single-parent or orphaned children with daily care, clothing, healthcare, and education by assisting single-parents or caretaker/guardians, or by enrolling children in orphanages run by The Foundation or their partner organizations.

Education - Includes programs that address a lack of education among children and adult literacy by providing funds for materials, supplies, support and construction of schools, and provide higher education for teachers.

Development - Includes health care programs that improve individual and community health through education, immunization and other preventive measures; including operation or funding of clinics, hospitals and other health care institutions; improvement, rehabilitation and renovation of the existing health care infrastructure; and the provision of medicines, medical supplies and medical equipment to health care facilities. Includes Sadaqa Jariya programs providing for needy individuals and their communities to sustain themselves and to improve their quality of life, programs providing shelter, agricultural resources and necessary household and personal items. Also includes microcredit and other development programs.

Other Program Support - Includes all ancillary program services needed to maintain and enhance specific program sectors.

NOTE 1 - NATURE OF ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

B) Method of Accounting

The Foundation's accounts are maintained on the accrual basis of accounting. Grants and other contributions are reported as temporarily restricted support if they are received with stipulations that limit the use of the funding. When the restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statements of activities as net assets released from restrictions. Expenses are recorded when incurred.

The Foundation reports information regarding its financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted net assets, and permanently restricted net assets. As permitted by the statement, the Foundation does not use fund accounting.

C) Accounting Policies

Cash and Cash Equivalents - For purposes of reporting cash flows, cash is defined as cash on hand, amounts held at financial institutions, and short-term highly liquid investments that are readily convertible to known amounts of cash. Investments with an original maturity of three months or less are considered short-term for these purposes.

Fixed Assets - Fixed assets are recorded at cost. Expenditures for repairs and maintenance are charged to expense as incurred, whereas renewals and betterments that extend the lives of fixed assets are capitalized. Depreciation is computed on the straight-line method over various useful lives. Depreciation expense for the years ended June 30, 2014 and 2013 amounts to \$32,598 and \$24,816, respectively.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTE 1 - NATURE OF ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C) Accounting Policies (Continued)

Income Taxes - The Foundation is a not-for-profit organization that is exempt from income taxes under Section 501(c)(3) of the Internal Revenue Code and is classified by the Internal Revenue Service as other than a private foundation. Accordingly, a provision for income taxes has not been made on the financial statements.

NOTE 2 - CONCENTRATION OF CREDIT RISK

The Foundation has deposits at one financial institution in excess of federally insured limits of approximately \$4,190,000 and \$4,790,000 at June 30, 2014 and 2013, respectively. The Foundation has not experienced any losses in such accounts and believes it is not exposed to any significant credit risk on cash and cash equivalents.

NOTE 3 - INVESTMENT

The Foundation's investment is stated at fair value and consists of land as follows:

At June 30, 2014, investments are stated at fair value and consist of the following:

NOTE 3 - INVESTMENT (CONTINUED)

Generally accepted accounting principles provide the definition of fair value for financial reporting, establish a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value, and require disclosure about the use of fair value measurements. The Foundation uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Foundation measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. No Level 1 or 2 inputs were available to the Foundation, therefore the investment was valued using Level 3 inputs.

Level 3 Fair Value Measurements

The fair value of land is based on the unadjusted quoted prices of similar assets in the inactive real estate market.

NOTE 4 - CAPITAL LEASE OBLIGATION

The Organization is the lessee of a vehicle under a capital lease which expires on July 2016. The asset and liability under the capital lease is recorded at the lower of the present value of the minimum lease payments or the fair value of the asset. The asset is depreciated over the lower of its related lease term or its estimated productive life. The cost of the asset under the capital lease is \$50,794. Depreciation of the asset under the capital lease is included in depreciation expense.

Minimum future lease payments under the capital lease are as follows:

For the year ended June 30, 2015 2016	\$ 6,378 6,958

The Foundation signed three one year extensions through February 28, 2014. In 2014, the Foundation did not extend the lease because it purchased office space. Under this lease, the Foundation was obligated for minimum annual rents and it's pro rata share of increases in operating expenses and real estate taxes during the term.

In 2010, the Foundation began leasing additional office space in Delaware on a month-to-month basis.

In 2012, the Foundation entered into a lease for a community center space in Chicago with minimum monthly payments of \$1,500 covering the period May 1, 2012 through April 30, 2017. The lease allows for two five year extensions.

NOTE 8 - CONCENTRATION OF RISK

Contributions are raised in the U.S. Major program activities funded by the Foundation occur in foreign countries torn by war, famine, or natural catastrophe and are undertaken on behalf of the Foundation by local authorities and organizations. It is considered reasonably possible that operations outside the U.S. could be disrupted due to political events. This disruption could materially affect the amount of contributions raised in the U.S. or result in a loss of funds transferred overseas that were intended to operate these programs.
